

PERIMTEC

PERIMTEC METAL COMPONENTS

25 YEAR LIMITED WARRANTY

Perimtec metal fence systems and components are manufactured from high-quality materials and produced to meet Perimtec's standards for durability, workmanship, and long-term outdoor performance.

Perimtec metal components are finished with a durable powder-coated finish designed to withstand normal outdoor exposure and use. Subject to the terms and limitations below, Perimtec warrants its metal components against cracking, peeling, blistering, or corrosion resulting from defects in materials or workmanship for a period of twenty-five (25) years from the original date of purchase.

This warranty applies to Perimtec-manufactured metal components, including but not limited to posts, rails, channels, gate frames, brackets, connectors, fasteners, and other metal system components supplied by Perimtec. Fence infill materials, including wood, composite, aluminum slats, steel panels, corrugated panels, decorative panels, or other third-party infill products, are covered only by the applicable manufacturer's warranty for those materials, if any.

This warranty applies only under normal and proper usage. It does not cover damage or failure caused by improper installation, physical damage, scratches, chips, abrasion, misuse, abuse, vandalism, impact, modification, improper application, exposure to saltwater or highly corrosive environments, fire, flood, severe weather, acts of God, or other conditions outside normal use.

If any covered Perimtec metal component fails under the terms of this warranty, Perimtec may, at its sole discretion, provide replacement material, repair, renewal, or a prorated credit based on the original cost of the defective material and the number of years elapsed from the original date of purchase.

Written notice of a warranty claim must be submitted to Perimtec or its authorized representative with proof of purchase and a description of the defect, including when it was first observed. Perimtec reserves the right to inspect the material and determine whether the claim is valid under the terms of this warranty.

This warranty does not include reimbursement for labor, removal, reinstallation, shipping, finishing, loss of use, incidental damages, consequential damages, or any other costs beyond the covered Perimtec metal component itself.

The above constitutes the complete limited warranty provided by Perimtec. No other agreement, written or implied, is valid unless authorized in writing by Perimtec. Some jurisdictions do not allow limitations on implied warranties or the exclusion of incidental or consequential damages, so some limitations may not apply.

Warranty coverage is available only to the original purchaser and requires completion and return of the warranty information to Perimtec within thirty (30) days of purchase.
